DETAILED ACTION

Applicant's amendment filed, 3/10/06, has overcome the 112 rejections listed in the previous office action, dated 12/14/05.

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Juan Carlos A. Marquez on 5/25/06.

The application has been amended as follows:

Claim 10 line 9 after the words "a high thermal conductivity" and before the "."

Insert--, wherein said cask has heat fins located between said inner shell and said outer shell--.

Claims 19-27 are canceled.

Allowable Subject Matter

Claims 1-18,28-29 are allowed over the prior art of record.

The following is an examiner's statement of reasons for allowance: With respect to dependent claims 1,10, the prior art of record does not explicitly disclose nor teach a

concrete cask comprising an inner shell, an outer shell, heat fins provided between said inner and outer shells and a shielding body composed of Portland cement provided between said inner and outer shells, in combination with the remaining aspects of the claims. Since the prior art of record does not explicitly disclose this aspect, independent claims 1,10 and dependent claims 2-9,11-18,28-29, which also incorporate this aspect, are deemed allowable over the prior art of record.

Applicant's arguments, see amendment, filed 3/10/06, with respect to 1-18,28-29 have been fully considered and are persuasive.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
